## INQUIRY HELD AT SEYMOUR TODAY

Coroner's Inquest Seeks to Learn Cause of Mrs. Crockett's Death Near Glenwood Sunday.

### HUSBAND IS ARRESTED HERE

Investigation Results When Woman's Brother-in-Law Charges Woman's Spouse With Foul Play.

Following the arrest of her husband in southern Rush county yesterday, a coroner's inquest to determine how Mrs. Katy Crockett, formerly of Seymour, a member of a band of wagon-dwellers who died Sunday near Glenwood, was held today at Seymour.

Crockett was arrested on information from Seymour yesterday by Sheriff Cavitt and was taken to Seymour last night. Dr. Walther, of Glenwood, who tended the woman during her illness, was in Seymour today to testify at the inquest.

The investigation was started by the dead woman's brother-in-law, who alleges that Mrs. Crockett's death was due indirectly to her husband. It is hinted, however, that a child was never born to the woman, which was alleged to have caused her death, and that the investigators at Seymour may learn of an illegal method being employed to gain an end that was nothing short of murder.

Crockett was found near Hopewell church by Sheriff Cavitt. He had broken camp near Glenwood just as soon as his wife's body had been shipped to Seymour.

The theory that her husband is responsible for her death first set the wheels of justice in motion at Seymour to clear up the mystery of the demise of Mrs. Crockett, former Seymour girl and lately a member of a band of rovers, who died near Glenwood Sunday of child bed fever. She became a mother one day last week, but the child was dead.

The story told by the brother-in-law of the dead woman caused suspicion to be aroused and resulted in Harry Hartwell, who was a member of the band and who accompanied the body of the Crockett woman to Seymour to be detained by the Seymour police. He first refused to talk except to say that the infant was born dead and that it was buried near Milroy.

It was two days after the birth before the woman received medical attention, so the story runs. Hartwell has produced a doctor's certificate at Seymour which reads: "I attended her on the morning of the third and on the morning of the fourth, when I went to see her, she was dead."

The Seymour Republican says that the brother-in-law of the deceased woman, when he arrived in Seymour yesterday, changed the aspect of the situation with his story. He asserts that Crockett is guilty of his wife's death. He asserts her death was due to mistreatment and attacks by her husband. He stoutly bragged in Seymour, before Crockett was caught, that as soon as the coroner's inquest was held, he would search for Crockett and never stop until he had found him.

The brother-in-law says Crockett's wife took the dead body of her brother to Seymour two years ago, and the death is said to have been the result of foul play, but no report of the case was made and no effort made to punish the guilty persons for the crime. He declares that the dead woman has made the assertion that "she would be the next one to go that way."

## CENSORSHIP IS EVADED

New York Work Charges German Has Secret System.

(By United Press.)

New York, July 6.—The Evening World today declared that the United States censorship over the German-owned wireless station of Sayville, L. I., is being evaded by a secret system invented by Dr. Kitseo, a scientist with a laboratory in Philadelphia.

The Philadelphia scientist, the World declared, was tricked into revealing his secret by a man representing himself to be an agent of the German government.

## HITS FRESH GRAVEL AND LANDS IN DITCH

Henry Schrader's Automobile Turns Over and he and Wife Are Pinned Under It.

### OTHER OCCUPANTS ESCAPE

Mr. and Mrs. Henry Schrader were painfully injured Sunday afternoon when their automobile turned over south of Orange after hitting some fresh gravel. Glass from the windshield severely cut Mr. Schrader on the hands and arms and Mrs. Schrader sustained many painful bruises. The machine was going at a moderate rate of speed, and when it hit the gravel, left the road and turned over in the ditch. The other occupants of the machine escaped uninjured, but Mr. and Mrs. Schrader were pinned under the machine. Mr. Schrader blames the road supervisor for not spreading the gravel after placing it on the road. The machine was slightly damaged, the top being torn to pieces, a fender bent and the radiator smashed. Mr. and Mrs. Blaine Reeves were with them.

Donald Sparks and Howard Miller were awarded the scholarships to Purdue University by the board. The two boys have held these for the past several years. The commissioners were to meet again this afternoon to award the contracts for supplies at the county farm.

## FOURTH SANEST EVER SEEN HERE

City Ordinance Prohibiting Sale and Firing of Fireworks Operates to Make Day Quiet.

### MANY PEOPLE LEAVE THE CITY

Picnic Parties Are the Rule, While Some go to Other Cities to Enjoy Celebration.

The Fourth of July in Rushville this year was just about as "safe and sane" as it could be. Boys longed for the giant cannon crackers, the cap pistols, "rattle snakes" and other ingenious inventions of the fire works manufacturers, but their longing all went for naught, unless they were fortunate enough to have a kind friend in some other city who had compassion on them and sent them that which makes the Fourth of July one out of 365 to be remembered.

By straining the ear, occasionally one could hear the boom of a fire cracker, but the city ordinance providing the firing of fireworks of any sort was very well observed—so well, in fact that there were no violators who were bad enough to warrant their arrest by the police.

There isn't anyone to dispute the fact that it was the quietest Fourth ever spent in Rushville since Rushville has been on the map. From as far back as the oldest inhabitant can remember, the anniversary of the signing of the Declaration of Independence has been observed here with the crack of anvils and the booming of other noise-making apparatus. In past years the youths of Rushville never waited even for the Fourth, but generally had a premature celebration. But alas, those days are no more.

It would have been difficult yesterday to distinguish the day observed as the Fourth of July from any other any except that business was at a standstill and flags were displayed promiscuously. Most of the stores were closed all day. In the afternoon the business part of the city was deserted.

The people of Rushville enjoyed themselves in a variety of ways. Several went to Indianapolis, a number witnessed the celebration at Knightstown, but the big majority of pleasure seekers spent the holiday on a picnic trip.

The city ordinance prohibited the sale of fireworks here and this tended more than anything else to prevent violation of the clause making the firing of explosives an offense.

### NO PLOT BY THE GERMANS.

(By United Press.)

Washington, July 6.—Secretary Lansing today denied that any charges had yet been made to the state department of a reported widespread German plot to destroy American arms and ammunition plants engaged in filling orders of the British.

### VILLA'S ADVISORS CONFER.

(By United Press.)

Washington, July 6.—General Villa's advisors conferred here today with a view to meeting President Wilson's peace demands. Incidentally some said, to enable Villa to "get from under" a possible collapse of his military organization in northwestern Mexico.

### RETICENCE INCREASES.

(By United Press.)

Washington, July 6.—The state department reticence concerning German-American exchanges had increased today. Secretary Lansing said communications received from Ambassador Gerard concerning the delay were "essentially confidential."

## DELEGATION IS GROWING LARGER

Mayor Bebout Adds Two More to Rush County's Representation at State Penal Farm

### BOTH OF THEM ADMIT GUILT

Quantity of Beer And Whiskey at Will Campbell's Home—Four Fined in Police Court

Sheriff Cavitt left this morning for the state penal farm with William Campbell, Jr., and Emanuel Dunwoody where they will serve 140 and 60 days, respectively, on charges of "bootlegging" and intoxication.

The police department put in a busy day Saturday. Dunwoody was fined for intoxication and was given 60 days at the penal farm. Dunwoody told the police that he purchased a half-pint of whiskey from Campbell and the police at once started to round up Campbell. Dunwoody also told the police that he had been a frequent visitor at the home of Mrs. Jennie Cadle in South Harrison street.

Campbell was placed in jail and then a search was made at his home. The police found one barrel of bottled beer and thirteen half pint bottles filled with whiskey. Campbell saw that he was caught and pleaded guilty. He was fined \$50 by Mayor Bebout and given 90 days at the penal farm.

A visit was paid to the home of the Cadle woman and William H. Stevens was found there. He was taken along to headquarters and a charge of associating was placed against him. Mrs. Cadle was placed in jail on two charges, one a statutory offense and the other of running a house of ill fame. Saturday afternoon she refused to plead guilty and was sent to jail to await trial. Sunday evening she decided to change her plea and was sentenced to jail for 60 days.

Mayor Bebout and Prosecutor Stevens decided that the community was better off without her and upon a promise to leave the city, the sentence was suspended. She was given ten days in which to leave and today was making arrangements to pack her household goods. The police have had numerous complaints regarding the Cadle place and the climax came Saturday.

Stevens, who was found there, was in a way an innocent victim, but had to take his medicine. Stevens was fined \$10 and costs and sentenced to jail for ten days. The jail sentence was suspended pending good behavior. The fine was stayed. Stevens is employed on the Herman Miller farm near Milroy.

The Rush county delegation at the state farm in Putnam county is growing fast. Only last week Sheriff Cavitt took Alfred Taylor and his son there. Previously two boys had been sent there from local courts.

### MORGAN IS BETTER

(By United Press.)

New York, July 6.—J. P. Morgan called his office over the telephone from his home at Glen Cove this morning. Talking to his partners, he told them he felt fine and he discussed some of his business affairs.

Dr. and Mrs. Will Smith and family and Mr. and Mrs. Fred A. Caldwell and family, are at the Green cottage along Flatrock for a few weeks. The telephone at the cottage is in the number of the Smith and Caldwell residences here in the city.

A number of local attorneys will go to Indianapolis tomorrow for the state bar association meeting. The meeting will continue over Thursday. The sessions will be held at the Country Club.

## SEVEN DIE IN EXPLOSION

Plant of Explosives Company at Montreal Blows up Today.

(By United Press.)

Montreal, July 6.—An explosion in the plant of the Canadian Explosives company today killed seven and injured many more, three seriously. Among the dead is a British government explosive inspector lent to the company during the war. A jammed cutting machine caused fire to break out in the plant and several buildings were blown almost to atoms. A government investigation was launched at once. Two of the victims were girls.

## GERMAN NOTE WILL BE SATISFACTORY

No Doubt About it in Official's Mind Because of Method of Procedure

### WILSON KEEPS IN TOUCH

(By United Press.)

Washington, July 6.—No doubt remained in official's minds today that the German note will be satisfactory. There was every indication that it will meet America's views in detail.

The reason that officialdom is so certain, it is known that the whole matter is being gone over in advance by the Berlin foreign office and President Wilson. Point by point the German diplomats are letting Ambassador Gerard know what they are proposing to write into the note and he in turn informs President Wilson of their intentions. If the President approves, so much more of the note is disposed of. If not there is an exchange of ideas until an agreement is reached.

## HOLT ATTEMPTS TO TAKE HIS LIFE

Crank Who Shot J. P. Morgan Gashes Wrist With Lead Pencil But Wound Isn't Serious

### LOSES CONSIDERABLE BLOOD

(By United Press.)

Mineola, N. Y., July 6.—By gashing his wrist with a lead pencil, Frank Holt, who tried to assassinate J. P. Morgan, attempted to take his own life during the night in his cell at the jail here.

Only the prompt action of a turnkey frustrated his attempts. A doctor was hurriedly called and the wound sewed up. Holt lost considerable blood but it was stated that he was in no danger.

Holt fashioned a knife-like weapon out of the pencil. He took the rubber eraser from the end and with his teeth mashed the tin container. With this he was able to gash easily his wrist.

Dr. Ola Cleghorn, county jail physician, declared this afternoon that an examination of Frank Holt, assailant of J. P. Morgan, revealed scars of the same character described in police descriptions of Erich Wuenther, the Harvard professor who disappeared nine years ago following the poisoning of his wife.

W. P. McCloud of Indianapolis, and formerly of this city, recently underwent an operation for tumor of the brain and is in a serious condition.

## DISCREPANCY IN DATE OF LAW

One of Worst Errors Legislative Body Can Commit is Found in "War Tax" Statute

### PROVISIONS CONTRADICT

When Treasury Department Came to Enforce Law, it Was Unable to Harmonize Them

Washington, July 6.—One of the most vital and inexcusable errors a legislative body can commit is to pass a law containing a discrepancy in the date it shall take effect.

The Democratic Congress incorporated just such a blunder in the "war tax" law.

Section 21 of this law declares that "the stamp taxes prescribed on the articles provided for in Schedule B shall attach to all such articles thirty days after the approval of the act."

Schedule B itself, however, provides that "all articles and preparations provided for which are in the hands of manufacturers or dealers on December 1, 1914, shall be subject to the payment of the stamp taxes herein," etc.

The two provisions are absolutely contradictory. When the Treasury Department came to enforce the law it was unable to harmonize the two conflicting dates. Congress had adjourned and it was impossible to correct the blunder by proper legislative action.

A forced interpretation was the only alternative. The Department arbitrarily fixed the date of enforcement, virtually assuming a function that belonged only to the legislative body.

The whole subject of financial legislation seems to have been a fatal stumbling block to the Democrats. While they have blundered in scores of other important measures, this tendency has been specially emphasized in every statute dealing with the receipt of expenditure of money to conduct the affairs of government.

The last Congress passed three laws notably designed to raise money,—first, the tariff law; second, the income tax law; and third, the "war tax." It is significant that the revenues from each fell short of the amount needed, thereby contributing to the treasury deficit, and has led to a mass of expensive litigation because the legislative intent could be determined only by judicial interpretation.

## RUSSIAN LINE IS BROKEN

One Part Driven Eastward and Other Towards Lublin.

(By United Press.)

Berlin, (By Wireless to Sayville,) July 6.—"The Russian line near Krasnik has been broken in two," said a dispatch received here this afternoon.

"One part is being driven eastward and the other toward Lublin and Ivangored. Warsaw is now the threatened by Austro-German advance."

This afternoon's statement from the war office reported that German troops operating in North Poland stormed and captured a strongly fortified forest, taking 500 prisoners, but gave no new details of the battle south of Lublin.

**RAISING POULTRY For PROFIT**  
By John Wildig

Now that the trade in day-old chicks has reached large proportions it certainly would be to the interest of many purchasers if they could order, say, nine females and three males to the dozen, or say ninety per cent females and ten per cent males. I am referring to barred rock chicks mainly and it is a fact that the sexes of this breed can be distinguished on the day they are hatched. Invariably the females have the dark leg and the males the yellow leg with the white spot on the head somewhat enlarged. You will also notice that the pullets have a dark willow-colored beak. Separate the pullets from the cockerels as they do much better. This plan is very good for an extensive barred rock breeder to know because you can separate the sexes the day they are hatched. Place the male birds in a pen by themselves and push them along with good feed and get them on the market as soon as possible. The early pullets give free range and keep your winter layers.

Many, very many, growers of chicks do not realize the importance of keeping the young stock speedily growing until the pullets reach laying maturity. They seem to think they have done all of their duty when they have the chicks hatched out and running out of doors. A great many do that and they pay the penalty in slower growth, stunted growth, late maturity of the pullets and a decided shrinkage in the possible profits. That shrinkage of profits is the hit that hurts. We all want good profits. That is what we keep poultry for, it is not vitally important then that we see to it that the young stock is kept growing steadily to the end that we obtain the best possible profits for our work.

The pocketbook is sometimes more sensitive than the mind. And that profits are substantially shrunken by mishandling both the youngsters and the laying stock is evident. When I hear of an average of one dollar a year per head of layers kept and I have authentic records of three dollars or better per head of layers kept there is manifestly something wrong in the care and management of the stock that pays only one dollar profit a year per head. When a man is satisfied with this, he neglects his opportunities.

**Gentleman And Grouch**  
Stand a gentleman and a grouch  
side by side, and which will com-  
mand the greater respect  
Webster says that a gentleman is  
a man of "refined manners and good  
behavior," while the grouch is "gruff  
and morose."  
It is easy for any man to be a  
gentleman and he has much to gain  
and nothing to lose.  
It is equally easy to be a grouch  
with everything to lose and nothing  
to gain.  
The gentleman has many friends  
and but few enemies, while the  
grouch has many enemies and but  
few friends.  
God smiles upon the gentleman,  
while the devil smiles at the grouch.  
Life is bright to the gentleman,  
while to the grouch it is full of gall.  
Be a gentleman if you can, but  
don't be a grouch.  
When the other fellow is wrong  
you howl, and when you are wrong  
you shut up like a clam.  
It is better to be famous than rich  
but we'd rather be both.

Charles Inman, 424 East Chestnut  
street, Hartford City, Ind., was desper-  
ately ill with stomach trouble. He  
was advised to go to Fort Wayne for  
an operation.  
Then he took Mayr's Wonderful  
Remedy and in a short time was able  
to go back to work. In a letter he  
said:  
"My disease started seven years  
ago. I had to give up and go to bed.  
Four doctors said they could not cure  
me unless I went to Fort Wayne to  
be operated on, and that it would  
cost \$150 or \$200. My daughter saw  
your advertisement and I took your  
treatment. In three weeks I went  
to work and haven't missed but one  
half day since from sickness. It sure-  
ly saved my life."  
Mayr's Wonderful Remedy gives per-  
manent results for stomach, liver and  
intestinal ailments. Eat as much and  
whatever you like. No more distress  
after eating, pressure of gas in the  
stomach and around the heart. Get one

on an absolute guarantee—if not satis-  
factory money will be returned.

Fame covers a multitude of sins,  
but all sin is not covered by fame.  
Some men are dominant forces in  
any crowd. But then some men  
make opportunity while others wait  
for opportunity to make them.  
Most big men have big hearts,  
but a few have nothing but gizzards.  
As a nation we profess to abhor  
war, yet we cuss the paper that  
omits the war news.  
This war will be a godsend to  
American heiresses. The crop of im-  
poverished noblemen will be quite  
sufficient to go around.  
The only people whom the truth  
fails to hurt are those who are dead.  
Success begets greater success—  
and likewise enmity.

**Current Comments**

**A Tactless Proceeding**  
(Portland Oregonian)  
The Democratic National Commit-  
tee is preparing for the campaign of  
next year by polling the country on  
the sentiment regarding the Wilson  
policies. It has sent to county chair-  
men a series of questions as to the  
feeling of Democrats and the people  
generally towards the Administra-  
tion, asking which particular policies  
are most cordially approved or dis-  
approved; whether independent  
voters are favorable or unfavorable  
to the Administration; whether busi-  
ness conditions are good, bad or in-  
different, to what cause they are as-  
cribed and whether they are improv-  
ing; as to the condition of Republi-  
can and Democratic organizations,  
whether Republicans and Progress-  
sives are getting together, whether  
the Democrats would fare better to-  
day than in 1912 and whether the  
Republicans are active.  
This is a most opportune time to  
make such a canvass. In the present  
critical state of American relations  
with foreign powers, the natural dis-  
position of every good citizen with-  
out regard to party is to suspend  
the present and to support the Pres-  
ident in upholding American inter-  
ests abroad.

**EARLY TOWN RIVALRY**  
A year or two ago after the  
town of Lafayette was laid  
out, when some of the settlers  
of that region were attending court  
at Crawfordsville a wag jeeringly  
inquired—"How does your little  
town of La Fayette or 'Laugh-at-  
come on? I have a mind to take a  
bacon rind and go up and grease  
the little thing and let the next dog  
that comes along eat it."  
The Wabash settler condescended  
to make no reply to this impudence  
but as the Chronicle said "turned off  
with as consequential an air as if  
Crawfordsville was then a mere  
kitchen to Lafayette."

A marriage license was issued last  
Saturday to Harry E. Kennedy and  
Adria G. Craven.

**EXPECT ALL TO  
STAND TRIAL**

**Indicted Men in Indianapolis Elec-  
tion Case Will Likely Present  
Unbroken Front**

**ARRAIGNMENT TOMORROW**

**Little Indications That Any of Men  
Will Plead Guilty as Was Done  
in Terre Haute Case**

(U. P. Staff Correspondent.)  
Indianapolis, Ind., July 6.—When  
criminal court convenes here tomor-  
row the day set for the arraignment  
of Thomas Taggart, Mayor Joseph  
E. Bell and the 125 other Indiana  
politicians—the question uppermost  
in the minds of all will be whether  
any of the indicted men will plead  
guilty.  
Will the forces of the indicted men  
be divided or will they present an un-  
broken front to the prosecution?  
With that question answered, the  
state will have something on which  
to "dope" out the case. Up to to-  
day it has been a matter of much  
conjecture just how much evidence  
prosecutor Alvah J. Rucker has  
against the men whom the Marion  
county grand jury indicted charged  
with conspiring to corrupt the county  
registration, primary and election.  
If a large number plead guilty to-  
morrow the case of the state will be  
materially strengthened, it is believed.  
If a few will plead guilty it will help  
the state. But if the ranks are un-  
broken then the state will have to  
fight for every vantage point in the  
opinion of those vitally interested.  
There had been little indication up  
to today that any of the indicted men  
intend to plead guilty. It was  
known that several defendants had  
been released on their own recogni-  
zance, but the state was not publish-  
ing this fact broadcast.  
There was nothing to indicate that  
any sensational developments were  
to be expected, such as came when  
the Terre Haute conspirators were  
arraigned in the Federal court. Over  
eighty pleaded guilty that day indicat-  
ing the strength of District Attor-  
ney Dailey's case.  
The plan so far as known was  
for the defendants to be arraigned  
one at a time beginning at nine a. m.  
It was believed that many would  
waive arraignment and enter pleas  
of not guilty. This would prevent  
reading of the indictment and would  
be advantageous in case the indict-  
ment were attacked later.  
There are various persons who  
know what is going to happen, but  
they're not saying, said a man today  
who is very close to the situation.

## SERVICE

Of the three essentials—strength, organization and service—afforded to clients of this Bank, SERVICE is not the least important.

The Bank's entire organization is permeated with the spirit of service. It is not enough to accept and safeguard the banking and trust business of clients; every effort is put forth to be of additional active service, within the Bank's proper sphere.

For example, the Bank, if appointed custodian of securities, will as agent sign ownership certificates required by the Federal Income Tax Law, collect dividends and coupons promptly as they mature, and either credit or remit the proceeds to the client; and will promptly notify him should any "rights" or other subscription privileges attach to the securities held.

Another example, clients are welcome to the Bank's facilities for investment and for investigating and analyzing the value of securities.

Many other examples of special service to clients might be mentioned, all of which would help to explain the rapid and substantial growth of this Bank's business.

## RUSHERS LOST TO NEWCASTLE

### Maxwell Team Captured Tight

Contest From Rushville Monday by 3 to 2 Count.

### RUNS MADE EARLY IN GAME

### Double Play With Bases Filled Cut

### Down Chance of Locals—

Walters Was Hit Hard.

Rushville lost to Newcastle yesterday by a score of 3 to 2. The Sunday game was called off on account of the rain and yesterday's game did not count in the league standing.

The game was a pretty battle and the teams were practically on even terms. Rushville presented a patched lineup with Dacy and Conroy playing the outfield. Newcastle scored the three runs in the first and second innings and from that on out was unable to connect. The Rushers counted in the first and fifth. A bad decision at the plate gave Newcastle one run that should not have counted. Lotshaw tried to steal home and apparently was out by three feet but Ump Salm called him safe. Even the Newcastle fans were against the umpire.

Rushville hit Walters hard, but in the sixth the team couldn't deliver in the pinch. In this inning Rushville filled the bases and it looked to be all over for Newcastle. Hellmuth hit into a double and the chances of the Rushers were glimmering. After the second inning Newcastle could not do a thing with Hewitt and he performed in his old time form. Hewitt also got the longest hit of the game bouncing one off right field fence. The hit went for two bases.

Rain stopped the Sunday game in the second inning. It rained throughout the first and Hewitt was unable to control the ball, Newcastle counting four runs in the first and one in the second.

## FORMER CHAMP IN RING WITH BOOZE

### John L. Sullivan Comes Back at

John Barleycornat Anti-Saloon Congress at Seaside.

### OPENING AT ATLANTIC CITY

Atlantic City, July 6.—Delegates to the Congress of the Anti-Saloon League of America, which opened here today, will be entertained by John L. Sullivan, former fistie champion of the world, who, after being knocked out by booze "came back" at John Barley-corn in a way that settled the issue decisively for all time, at least with John L.

The ex-champion will again enter the ring with the Booze King, when he makes a temperance lecture address today before the members of the Anti-Saloon Congress on the Million Dollar Pier in this city by the sea.

If the giant fighter is successful in his initial assault on old man booze he will make a tour of the country, campaigning in the interests of the Anti-Saloonists. And old John L. can swing verbal punches as hard as he once did his famous knock-out blows in the squared ring.

## DUNDEE SAID TO HAVE THE CLASS

### Receipt Showing in Fight Against

Leach Cross Places Him in

The Front Ranks

### CHAMPIONSHIP CONTENDER

### Talk Now of Matching Him With

Charley White in Order to

Eliminate One or Other.

BY BARRY FARIS  
(U. P. Staff Correspondent.)

New York, July 6.—When he hurdled that tough old bird, Leach Cross, in a ten round session here a couple of weeks ago, Johnny Dundee planted himself firmly in the realm of class. The bouncing, hopping, jabbing little Italian proved conclusively in battering down the dentist-boxer that he belongs up among the top-notchers in the lightweight class.

Previous to his victory over Cross, Dundee, while regarded as one classy youngster, was not taken into the reckoning as a championship contender. Now he is. Of the vast gathering who witnessed the Dundee-Cross tangle, there were few who didn't leave Ebbetts Field with the firm conviction that the Italian was the superior of Freddie Welsh, the present title holder.

New York promoters are now trying to get Dundee and Welsh together. The latter always willing to take on a third rate youngster, for a mere \$1,000 or so, wants such a huge sum for mixing with Dundee that he has scared most of the promoters away.

There has been some talk of putting Dundee and Charley White, Chicago's knock-em-dead champion, together in order to eliminate one of them as a Welsh opponent. Dundee and White met once—at New Orleans. That contest ended very unsatisfactorily for the Chicagoan. Dundee slammed the daylight out of him.

Dundee's manager—Scotty Monteith—makes the charge that some funny work was pulled off in that New Orleans encounter. Early in the scrap Dundee planted a mighty wallop on White's jaw. The Chicagoan went down in a heap and it looked like the bout was over. Just as the referee started to count all the lights in the hall went out.

The referee, badly rattled, quit counting and there was a big hubbub, during which White's seconds rendered first assistance to him. After considerable delay the lights were restored. White was sitting in his corner, a little pale around the gills, but ready to go some more. Dundee and his manager protested loudly that White has been knocked out. The referee couldn't see it that way and made them continue. The bout went the limit—ten rounds. Monteith believes that the sudden extinguishing of the lights was not an act of Providence. He thinks a human hand had something to do with it.

## IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is a sign you have been eating too much meat, which forms uric acid.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and laggard. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

●Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

TWO WEEKS UNTIL ANNUAL CARNIVAL

Preparations Are Being Rushed For Event Men of Catholic Church Always Present.

WOMEN ALSO HAVE A BIG PART

Just two weeks from tonight when the Odd Fellows band marches up Main street at the head of the crowd and the notes of the merry-go-round call the youngsters from far and near and a myriad of lights illuminate the beautiful St. Mary's park, Rushville will know that the annual carnival of the Catholic church will again be in full swing.

These annual events do not promise any startling novelties, do not attempt to compete with the circus in furnishing amusement, but they have a field all their own in the way of providing a summer evening's entertainment as well as given an opportunity to promote the community spirit.

The carnival is given under the auspices of the men of the congregation, but the women's exchange and fancy booths have become leading features. The young people, too, are busy rehearsing the program to be given each night in the little theater in the park.

OBSERVANCE OF FOURTH UNIQUE

Semi-Centennary of Placing of First Monument to Civil War Regiment is Observed.

EVENT HELD AT PRINCETON

Dedication of July 4, 1868 is Recalled—Celebration Elsewhere. in The State

(By United Press.)

Princeton, Ind., July 6. In the Gibson county courthouse yard yesterday there was a Fourth of July observance that had no counterpart in Indiana or the nation—the celebration of the semi-centennary of the placing of the first monument to a civil war regiment that was erected in the United States. A graceful well preserved 33 foot shaft of marble suitably inscribed, it stands in the southwest corner of the courthouse yard just opposite the recently constructed \$25,000 county SEMI-CENTENARY GAL TWO soldiers monument.

This monument was conceived by the soldiers of the 58th Indiana regiment as a tribute to their dead while they were in camp at Murfreesboro, Tenn. in 1863 just after the Stone river battle in which the regiment lost heavily. The funds were raised entirely by the regiment from contributions of its officers and men and allowances for unused rations.

A Princeton committee carried out the plans and on July 4, 1865 the dedication took place with thousands in attendance. The 58th was still under arms at Louisville. Many members obtained furloughs and came home for the exercises, the first great dedication of its kind by any regiment on either side of the great conflict.

Yesterday's ceremonies were marked by the dedication of a widened base and other improvements and the unveiling of it by little Mary Catherine Stormont, aged five years of a bronze tablet descriptive of the shaft's claim to fame. She is the granddaughter of Col Gil R. Stormont 58th veteran and Indiana G. A. R., past departmental commander.

All the improvements and the tablet are paid for by members of the regiment and their descendants. Dr. W. W. Blair, aged 86, the oldest member and former regimental and division surgeon will dedicate the tablet today.

Indianapolis, July 6.—The old fashioned celebrations of the Fourth of July with the addition of the "safe and sane" idea characterized the belated events held in this city and in the various cities of the state Monday. Athletics and sports and fireworks viewed from a safe distance seem to be growing as means of celebrating the Nation's birthday.

In this city championship motorcycle races at the Fair Grounds and band concerts and fireworks tonight will feature the day's program.

## INQUIRY HELD AT SEYMOUR TODAY

Coroner's Inquest Seeks to Learn  
Cause of Mrs. Crockett's Death  
Near Glenwood Sunday.

### HUSBAND IS ARRESTED HERE

Investigation Results When Woman's  
Brother-in-Law Charges Wo-  
man's Spouse With Foul Play.

Following the arrest of her husband in southern Rush county yesterday, a coroner's inquest to determine how Mrs. Katy Crockett, formerly of Seymour, a member of a band of wagon-dwellers who died Sunday near Glenwood, was held today at Seymour.

Crockett was arrested on information from Seymour yesterday by Sheriff Cavitt and was taken to Seymour last night. Dr. Walther, of Glenwood, who tended the woman during her illness, was in Seymour today to testify at the inquest.

The investigation was started by the dead woman's brother-in-law, who alleges that Mrs. Crockett's death was due indirectly to her husband. It is hinted, however, that a child was never born to the woman, which was alleged to have caused her death, and that the investigators at Seymour may learn of an illegal method being employed to gain an end that was nothing short of murder.

Crockett was found near Hopewell church by Sheriff Cavitt. He had broken camp near Glenwood just as soon as his wife's body had been shipped to Seymour.

The theory that her husband is responsible for her death first set the wheels of justice in motion at Seymour to clear up the mystery of the demise of Mrs. Crockett, former Seymour girl and lately a member of a band of rovers, who died near Glenwood Sunday of child bed fever. She became a mother one day last week, but the child was dead.

The story told by the brother-in-law of the dead woman caused suspicion to be aroused and resulted in Harry Hartwell, who was a member of the band and who accompanied the body of the Crockett woman to Seymour to be detained by the Seymour police. He first refused to talk except to say that the infant was born dead and that it was buried near Milroy.

It was two days after the birth before the woman received medical attention, so the story runs. Hartwell has produced a doctor's certificate at Seymour which reads: "I attended her on the morning of the third and on the morning of the fourth, when I went to see her, she was dead."

The Seymour Republican says that the brother-in-law of the deceased woman, when he arrived in Seymour yesterday, changed the aspect of the situation with his story. He asserts that Crockett is guilty of his wife's death. He asserts her death was due to mistreatment and attacks by her husband. He stoutly bragged in Seymour, before Crockett was caught, that as soon as the coroner's inquest was held, he would search for Crockett and never stop until he had found him.

The brother-in-law says Crockett's wife took the dead body of her brother to Seymour two years ago, and the death is said to have been the result of foul play, but no report of the case was made and no effort made to punish the guilty persons for the crime. He declares that the dead woman has made the assertion that "she would be the next one to go that way."

## HITS FRESH GRAVEL AND LANDS IN DITCH

Henry Schrader's Automobile Turns  
Over and he and Wife Are  
Pinned Under It.

### OTHER OCCUPANTS ESCAPE

Mr. and Mrs. Henry Schrader were painfully injured Sunday afternoon when their automobile turned over south of Orange after hitting some fresh gravel. Glass from the windshield severely cut Mr. Schrader on the hands and arms and Mrs. Schrader sustained many painful bruises. The machine was going at a moderate rate of speed, and when it hit the gravel, left the road and turned over in the ditch. The other occupants of the machine escaped uninjured, but Mr. and Mrs. Schrader were pinned under the machine. Mr. Schrader blames the road supervisor for not spreading the gravel after placing it on the road. The machine was slightly damaged, the top being torn to pieces, a fender bent and the radiator smashed. Mr. and Mrs. Blaine Reeves were with them.

## FOURTH SANEST EVER SEEN HERE

City Ordinance Prohibiting Sale and  
Firing of Fireworks Operates to  
Make Day Quiet.

### MANY PEOPLE LEAVE THE CITY

Picnic Parties Are the Rule, While  
Some go to Other Cities to En-  
joy Celebration.

The Fourth of July in Rushville this year was just about as "safe and sane" as it could be. Boys longed for the giant cannon crackers, the cap pistols, "rattle snakes" and other ingenious inventions of the fire works manufacturers, but their longing all went for naught, unless they were fortunate enough to have a kind friend in some other city who had compassion on them and sent them that which makes the Fourth of July one out of 365 to be remembered.

By straining the ear, occasionally one could hear the boom of a fire cracker, but the city ordinance providing the firing of fireworks of any sort was very well observed—so well, in fact that there were no violators who were bad enough to warrant their arrest by the police.

There isn't anyone to dispute the fact that it was the quietest Fourth ever spent in Rushville since Rushville has been on the map. From as far back as the oldest inhabitant can remember, the anniversary of the signing of the Declaration of Independence has been observed here with the crack of anvils and the booming of other noise-making apparatus. In past years the youths of Rushville never waited even for the Fourth, but generally had a premature celebration. But alas, those days are no more.

It would have been difficult yesterday to distinguish the day observed as the Fourth of July from any other any except that business was at a standstill and flags were displayed prominently. Most of the stores were closed all day. In the afternoon the business part of the city was deserted.

The people of Rushville enjoyed themselves in a variety of ways. Several went to Indianapolis, a number witnessed the celebration at Knightstown, but the big majority of pleasure seekers spent the holiday on a picnic trip.

The city ordinance prohibited the sale of fireworks here and this tended more than anything else to prevent violation of the clause making the firing of explosives an offense.

### NO PLOT BY THE GERMANS.

(By United Press.)  
Washington, July 6.—Secretary Lansing today denied that any charges had yet been made to the state department of a reported widespread German plot to destroy American arms and ammunition plants engaged in filling orders of the British.

### VILLA'S ADVISORS CONFER.

(By United Press.)  
Washington, July 6.—General Villa's advisors conferred here today with a view to meeting President Wilson's peace demands. Incidentally some said, to enable Villa to "get from under" a possible collapse of his military organization in northwestern Mexico.

### RETICENCE INCREASES.

(By United Press.)  
Washington, July 6.—The state department reticence concerning German-American exchanges had increased today. Secretary Lansing said communications received from Ambassador Gerard concerning the delay were "essentially confidential."

## DELEGATION IS GROWING LARGER

Mayor Bebout Adds Two More to  
Rush County's Representation  
at State Penal Farm

### BOTH OF THEM ADMIT GUILT

Quantity of Beer And Whiskey at  
Will Campbell's Home—Four  
Fined in Police Court

Sheriff Cavitt left this morning for the state penal farm with William Campbell, Jr., and Emanuel Dunwoody where they will serve 140 and 60 days, respectively, on charges of "bootlegging" and intoxication.

The police department put in a busy day Saturday. Dunwoody was fined for intoxication and was given 60 days at the penal farm. Dunwoody told the police that he purchased a half-pint of whiskey from Campbell and the police at once started to round up Campbell. Dunwoody also told the police that he had been a frequent visitor at the home of Mrs. Jennie Cadle in South Harrison street.

Campbell was placed in jail and then a search was made at his home. The police found one barrel of bottled beer and thirteen half pint bottles filled with whiskey. Campbell saw that he was caught and pleaded guilty. He was fined \$50 by Mayor Bebout and given 90 days at the penal farm.

A visit was paid to the home of the Cadle woman and William H. Stevens was found there. He was taken along to headquarters and a charge of associating was placed against him. Mrs. Cadle was placed in jail on two charges, one a statutory offense and the other of running a house of ill fame. Saturday afternoon she refused to plead guilty and was sent to jail to await trial. Sunday evening she decided to change her plea and was sentenced to jail for 60 days.

Mayor Bebout and Prosecutor Stevens decided that the community was better off without her and upon a promise to leave the city, the sentence was suspended. She was given ten days in which to leave and today was making arrangements to pack her home-hold goods. The police have had numerous complaints regarding the Cadle place and the climax came Saturday.

Stevens, who was found there, was in a way an innocent victim, but had to take his medicine. Stevens was fined \$10 and costs and sentenced to jail for ten days. The jail sentence was suspended pending good behavior. The fine was stayed. Stevens is employed on the Herman Miller farm near Milroy.

The Rush county delegation at the state farm in Putnam county is growing fast. Only last week Sheriff Cavitt took Alfred Taylor and his son there. Previously two boys had been sent there from local courts.

### MORGAN IS BETTER

(By United Press.)  
New York, July 6.—J. P. Morgan called his office over the telephone from his home at Glen Cove this morning. Talking to his partners, he told them he felt fine and he discussed some of his business affairs.

Dr. and Mrs. Will Smith and family and Mr. and Mrs. Fred A. Caldwell and family, are at the Green cottage along Flatrock for a few weeks. The telephone at the cottage is in the number of the Smith and Caldwell residences here in the city.

A number of local attorneys will go to Indianapolis tomorrow for the state bar association meeting. The meeting will continue over Thursday. The sessions will be held at the Country Club.

## SEVEN DIE IN EXPLOSION

Plant of Explosives Company at  
Montreal Blows up Today.

(By United Press.)  
Montreal, July 6.—An explosion in the plant of the Canadian Explosives company today killed seven and injured many more, three seriously. Among the dead is a British government explosive inspector lent to the company during the war. A jammed cutting machine caused fire to break out in the plant and several buildings were blown almost to atoms. A government investigation was launched at once. Two of the victims were girls.

## GERMAN NOTE WILL BE SATISFACTORY

No Doubt About it in Official's Mind  
Because of Method of  
Procedure

### WILSON KEEPS IN TOUCH

(By United Press.)  
Washington, July 6.—No doubt remained in official's minds today that the German note will be satisfactory. There was every indication that it will meet America's views in detail.

The reason that officialdom is so certain, it is known that the whole matter is being gone over in advance by the Berlin foreign office and President Wilson. Point by point the German diplomats are letting Ambassador Gerard know what they are proposing to write into the note and he in turn informs President Wilson of their intentions. If the President approves, so much more of the note is disposed of. If not there is an exchange of ideas until an agreement is reached.

## HOLT ATTEMPTS TO TAKE HIS LIFE

Crank Who Shot J. P. Morgan  
Gashes Wrist With Lead Pencil  
But Wound Isn't Serious

### LOSES CONSIDERABLE BLOOD

(By United Press.)  
Mineola, N. Y., July 6.—By gashing his wrist with a lead pencil, Frank Holt, who tried to assassinate J. P. Morgan, attempted to take his own life during the night in his cell at the jail here.

Only the prompt action of a turnkey frustrated his attempts. A doctor was hurriedly called and the wound sewed up. Holt lost considerable blood but it was stated that he was in no danger.

Holt fashioned a knife-like weapon out of the pencil. He took the rubber eraser from the end and with his teeth mashed the tin container. With this he was able to gash easily his wrist.

Dr. Ola Cleghorn, county jail physician, declared this afternoon that an examination of Frank Holt, assailant of J. P. Morgan, revealed scars of the same character described in police descriptions of Erich Wuerter, the Harvard professor who disappeared nine years ago following the poisoning of his wife.

W. P. McCloud of Indianapolis, and formerly of this city, recently underwent an operation for tumor of the brain and is in a serious condition.

## DISCREPANCY IN DATE OF LAW

One of Worst Errors Legislative  
Body Can Commit is Found in  
"War Tax" Statute

### PROVISIONS CONTRADICT

When Treasure Department Came to  
Enforce Law, it Was Unable  
to Harmonize Them

Washington, July 6.—One of the most vital and inexcusable errors a legislative body can commit is to pass a law containing a discrepancy in the date it shall take effect.

The Democratic Congress incorporated just such a blunder in the "war tax" law.

Section 21 of this law declares that "the stamp taxes prescribed on the articles provided for in Schedule B shall attach to all such articles thirty days after the approval of the act."

Schedule B itself, however, provides that "all articles and preparations provided for which are in the hands of manufacturers or dealers on December 1, 1914, shall be subject to the payment of the stamp taxes herein," etc.

The two provisions are absolutely contradictory. When the Treasury Department came to enforce the law it was unable to harmonize the two conflicting dates. Congress had adjourned and it was impossible to correct the blunder by proper legislative action.

A forced interpretation was the only alternative. The Department arbitrarily fixed the date of enforcement, virtually assuming a function that belonged only to the legislative body.

The whole subject of financial legislation seems to have been a fatal stumbling block to the Democrats. While they have blundered in scores of other important measures, this tendency has been specially emphasized in every statute dealing with the receipt of expenditure of money to conduct the affairs of government.

The last Congress passed three laws notably designed to raise money—first, the tariff law; second, the income tax law; and third, the "war tax." It is significant that the revenues from each fell short of the amount needed, thereby contributing to the treasury deficit, and has led to a mass of expensive litigation because the legislative intent could be determined only by judicial interpretation.

## RUSSIAN LINE IS BROKEN

One Part Driven Eastward and Other  
Towards Lublin.

(By United Press.)  
Berlin, (By Wireless to Sayville,) July 6.—"The Russian line near Krasnik has been broken in two," said a dispatch received here this afternoon.

"One part is being driven eastward and the other toward Lublin and Ivangorod. Warsaw is now the threatened by Austro-German advance."

This afternoon's statement from the war office reported that German troops operating in North Poland stormed and captured a strongly fortified forest, taking 500 prisoners, but gave no new details of the battle south of Lublin.

**RAISING POULTRY For PROFIT**

By John Wildig

Now that the trade in day-old chicks has reached large proportions it certainly would be to the interest of many purchasers if they could order, say, nine females and three males to the dozen, or say ninety per cent females and ten per cent males. I am referring to barred rock chicks mainly and it is a fact that the sexes of this breed can be distinguished on the day they are hatched. Invariably the females have the dark leg and the males the yellow leg with the white spot on the head somewhat enlarged. You will also notice that the pullets have a dark willow-colored beak. Separate the pullets from the cockerels as they do much better. This plan is very good for an extensive barred rock breeder to know because you can separate the sexes the day they are hatched. Place the male birds in a pen by themselves and push them along with good feed and get them on the market as soon as possible. The early pullets give free range and keep your winter layers.

Many, very many, growers of chicks do not realize the importance of keeping the young stock speedily growing until the pullets reach lay-

May Find Help in This Letter.

Swan Creek, Mich.—"I cannot speak too highly of your medicine. When through neglect or overwork I get run down and my appetite is poor and I have that weak, languid, always tired feeling, I get a bottle of Lydia E. Pinkham's Vegetable Compound, and it builds me up, gives me strength, and restores me to perfect health again. It is truly a great blessing to women, and I cannot speak too highly of it. I take pleasure in recommending it to others."—Mrs. ANNIE CAMERON, R.F.D., No. 1, Swan Creek, Michigan.

**Gentleman And Grouch**  
Stand a gentleman and a grouch  
side by side, and which will com-  
mand the greater respect  
Webster says that a gentleman is  
a man of "refined manners and good  
behavior," while the grouch is "gruff  
and morose."  
It is easy for any man to be a  
gentleman and he has much to gain  
and nothing to lose.  
It is equally easy to be a grouch  
with everything to lose and nothing  
to gain.  
The gentleman has many friends  
and but few enemies, while the  
grouch has many enemies and but  
few friends.  
God smiles upon the gentleman,  
while the devil smiles at the grouch.  
Life is bright to the gentleman,  
while to the grouch it is full of gall.  
Be a gentleman if you can, but  
don't be a grouch.  
When the other fellow is wrong  
yell howl, and when you are wrong  
you shut up like a clam.  
It is better to be famous than rich  
but we'd rather be both.

Charles Inman, 424 East Chestnut

was advised to go to Fort Wayne for  
an operation.  
Then he took Mayr's Wonderful

to go back to work. In a letter he  
said:  
"My disease started seven years  
ago. I had to give up and go to bed.  
Four doctors said they could not cure  
the unless I went to Fort Wayne to  
be operated on, and that it would  
cost \$150 or \$200. My daughter saw  
your advertisement and I took your  
treatment. In three weeks I went

Mayr's Wonderful Remedy gives per-

whatever you like. No more distress

stomach and around the heart. Get one

Fame covers a multitude of sins,  
but all sin is not covered by fame.

Some men are dominant forces in  
any crowd. But then some men  
make opportunity while others wait  
for opportunity to make them.

Most big men have big hearts,  
but a few have nothing but gizzards.

As a nation we profess to abhor  
war, yet we cuss the paper that  
omits the war news.

This war will be a godsend to  
American heiresses. The crop of im-  
poverished noblemen will be quite  
sufficient to go around.

The only people whom the truth  
fails to hurt are those who are dead.

Success begets greater success—  
and likewise enmity.

**A Tactless Proceeding**  
(Portland Oregonian)

The Democratic National Commit-  
tee is preparing for the campaign of  
next year by polling the country on  
the sentiment regarding the Wilson  
policies. It has sent to county chair-  
men a series of questions as to the  
feeling of Democrats and the people  
generally towards the Administra-  
tion, asking which particular policies  
are most cordially approved or dis-  
approved; whether independent  
voters are favorable or unfavorable  
to the Administration; whether busi-  
ness conditions are good, bad or in-  
different, to what cause they are as-  
cribed and whether they are improv-  
ing; as to the condition of Republi-  
can and Democratic organizations,  
whether Republicans and Progress-  
ives are getting together, whether  
the Democrats would fare better to-  
day than in 1912 and whether the  
Republicans are active.

This is a most opportune time to  
make such a canvass. In the present  
critical state of American relations  
with foreign powers, the natural dis-  
position of every good citizen with-  
out regard to party is to suspend  
the present and to support the Pres-  
ident in upholding American inter-  
ests abroad.

**EARLY TOWN RIVALRY**

A year or two ago after the  
town of Lafayette was laid  
out, when some of the settlers  
of that region were attending court  
at Crawfordsville a wag jeeringly  
inquired—"How does your little  
town of La Fayette or 'Laugh-at-  
come on! I have a mind to take a  
bacon rind and go up and grease  
the little thing and let the next dog  
that comes along eat it."

The Wabash settler condescended  
to make no reply to this impudence  
but as the Chronicle said "turned off  
with as consequential an air as if  
Crawfordsville was then a mere  
kitchen to Lafayette."

A marriage license was issued last  
Saturday to Harry E. Kennedy and  
Adria G. Craven.

**EXPECT ALL TO  
STAND TRIAL**

**Indicted Men in Indianapolis Elec-  
tion Case Will Likely Present  
Unbroken Front**

**ARRAIGNMENT TOMORROW**

**Little Indications That Any of Men  
Will Plead Guilty as Was Done  
in Terre Haute Case**

(U. P. Staff Correspondent.)  
Indianapolis, Ind., July 6.—When  
criminal court convenes here tomor-  
row the day set for the arraignment  
of Thomas Taggart, Mayor Joseph  
E. Bell and the 125 other Indiana  
politicians—the question uppermost  
in the minds of all will be whether  
any of the indicted men will plead  
guilty.

Will the forces of the indicted men  
be divided or will they present an un-  
broken front to the prosecution?  
With that question answered, the  
state will have something on which  
to "dope" out the case. Up to to-  
day it has been a matter of much  
conjecture just how much evidence  
prosecutor Alvah J. Rucker has  
against the men whom the Marion  
county grand jury indicted charged  
with conspiring to corrupt the county  
registration, primary and election.

If a large number plead guilty to-  
morrow the case of the state will be  
materially strengthened, it is believed.  
If a few will plead guilty it will help  
the state. But if the ranks are un-  
broken then the state will have to  
fight for every advantage point in the  
opinion of those vitally interested.

There had been little indication up  
to today that any of the indicted men  
intend to plead guilty. It was  
known that several defendants had  
been released on their own recogni-  
zance, but the state was not publish-  
ing this fact broadcast.

There was nothing to indicate that  
any sensational developments were  
to be expected, such as came when  
the Terre Haute conspirators were  
arraigned in the Federal court. Over  
eighty pleaded guilty that day indicat-  
ing the strength of District Attor-  
ney Dailey's case.

The plan so far as known was  
for the defendants to be arraigned  
one at a time beginning at nine a. m.  
It was believed that many would  
waive arraignment and enter pleas  
of not guilty. This would prevent  
reading of the indictment and would  
be advantageous in case the indict-  
ment were attacked later.

There are various persons who  
know what is going to happen, but  
they're not saying, said a man today  
who is very close to the situation.

CONTINUES**

Delayed deliveries on new stock and other unexpected conditions  
will prevent the opening of my new store until about August 15.  
Therefore I am continuing this wonderful sale at my present  
location.

The people of Rushville and vicinity have certainly taken advantage  
of the bargains that have been offered in this sale, but in some lines  
I still have a surprising selection of wonderful values. THEY  
SIMPLY MUST BE SOLD. There's no two ways about it. That  
is why these prices are way down at rock bottom, when the time  
for usual sales has scarcely begun.

You men who have not visited this Unusual Sale can still get rare bargains—if you or your boys can be  
fitted in the suits we still have on hand. They are mostly men's and boys' suits—sizes 34 to 37—but  
there are some splendid values in other sizes as well. Every suit is a genuine bargain—rich, nobby, right-  
in-season goods—all going at ridiculously low prices.

## SERVICE

Of the three essentials—strength, organization and service—afforded to clients of this Bank, SERVICE is not the least important.

The Bank's entire organization is permeated with the spirit of service. It is not enough to accept and safeguard the banking and trust business of clients; every effort is put forth to be of additional active service, within the Bank's proper sphere.

For example, the Bank, if appointed custodian of securities, will as agent sign ownership certificates required by the Federal Income Tax Law, collect dividends and coupons promptly as they mature, and either credit or remit the proceeds to the client; and will promptly notify him should any "rights" or other subscription privileges attach to the securities held.

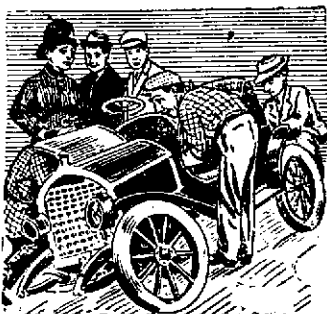

Another example, clients are welcome to the Bank's facilities for investment and for investigating and analyzing the value of securities.

Many other examples of special service to clients might be mentioned, all of which would help to explain the rapid and substantial growth of this Bank's business.

## RUSHERS LOST TO NEWCASTLE

Maxwell Team Captured Tight Contest From Rushville Monday by 3 to 2 Count.

### RUNS MADE EARLY IN GAME

Double Play With Bases Filled Cut Down Chance of Locals—Walters Was Hit Hard.

Rushville lost to Newcastle yesterday by a score of 3 to 2. The Sunday game was called off on account of the rain and yesterday's game did not count in the league standing.

The game was a pretty battle and the teams were practically on even terms. Rushville presented a patched lineup with Dacy and Conroy playing the outfield. Newcastle scored the three runs in the first and second innings and from that on out was unable to connect. The Rushers counted in the first and fifth. A bad decision at the plate gave Newcastle one run that should not have counted. Lotshaw tried to steal home and apparently was out by three feet but Ump Salm called him safe. Even the Newcastle fans were against the umpire.

Rushville hit Walters hard, but in the sixth the team couldn't deliver in the pinch. In this inning Rushville filled the bases and it looked to be all over for Newcastle. Hellmund hit into a double and the chances of the Rushers went glimmering. After the second inning Newcastle could not do a thing with Hewitt and he performed in his old time form. Hewitt also got the longest hit of the game bouncing one off right field fence. The hit went for two bases.

Rain stopped the Sunday game in the second inning. It rained throughout the first and Hewitt was unable to control the ball, Newcastle counting four runs in the first and one in the second.

## FORMER CHAMP IN RING WITH BOOZE

John L. Sullivan Comes Back at John Barleycornat Anti-Saloon Congress at Seaside.

### OPENING AT ATLANTIC CITY

Atlantic City, July 6.—Delegates to the Congress of the Anti-Saloon League of America, which opened here today, will be entertained by John L. Sullivan, former fistie champion of the world, who, after being knocked out by booze "came back" at John Barleycorn in a way that settled the issue decisively for all time, at least with John L.

The ex-champion will again enter the ring with the Booze King, when he makes a temperance lecture address today before the members of the Anti-Saloon Congress on the Million Dollar Pier in this city by the sea.

If the giant fighter is successful in his initial assault on old man booze he will make a tour of the country, campaigning in the interests of the Anti-Saloonists. And old John L. can swing verbal punches as hard as he once did his famous knock-out blows in the squared ring.

## DUNDEE SAID TO HAVE THE CLASS

Receipt Showing in Fight Against Leach Cross Places Him in The Front Ranks

### CHAMPIONSHIP CONTENDER

Talk Now of Matching Him With Charley White in Order to Eliminate One or Other.

### BY BARRY FARIS

(U. P. Staff Correspondent.)

New York, July 6.—When he hurled that tough old bird, Leach Cross, in a ten round session here a couple of weeks ago, Johnny Dundee planted himself firmly in the realm of class. The bouncing, hopping, jabbing little Italian proved conclusively in battering down the dentist-boxer that he belongs up among the top-notchers in the lightweight class.

Previous to his victory over Cross, Dundee, while regarded as one classy youngster, was not taken into the reckoning as a championship contender. Now he is. Of the vast gathering who witnessed the Dundee-Cross tangle, there were few who didn't leave Ebbetts Field with the firm conviction that the Italian was the superior of Freddie Welsh, the present title holder.

New York promoters are now trying to get Dundee and Welsh together. The latter always willing to take on a third rate youngster, for a mere \$1,000 or so, wants such a huge sum for mixing with Dundee that he has scared most of the promoters away.

There has been some talk of putting Dundee and Charley White, Chicago's knock-em-dead champion, together in order to eliminate one of them as a Welsh opponent. Dundee and White met once—at New Orleans. That contest ended very unsatisfactorily for the Chicagoan. Dundee slammed the daylight out of him.

Dundee's manager—Scotty Monteith—makes the charge that some funny work was pulled off in that New Orleans encounter. Early in the scrap Dundee planted a mighty wallop on White's jaw. The Chicagoan went down in a heap and it looked like the bout was over. Just as the referee started to count all the lights in the hall went out.

The referee, badly rattled, quit counting and there was a big hubbub, during which White's seconds rendered first assistance to him. After considerable delay the lights were restored. White was sitting in his corner, a little pale around the gills, but ready to go some more. Dundee and his manager protested loudly that White has been knocked out. The referee couldn't see it that way and made them continue. The bout went the limit—ten rounds. Monteith believes that the sudden extinguishing of the lights was not an act of Providence. He thinks a human hand had something to do with it.

## IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is a sign you have been eating too much meat, which forms uric acid.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, also you have backache, sick headache, dizzy spells; your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scale and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then set fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

## OBSERVANCE OF FOURTH UNIQUE

Semi-Centennary of Placing of First Monument to Civil War Regiment is Observed.

### EVENT HELD AT PRINCETON

Dedication of July 4, 1865 is Recalled—Celebration Elsewhere. in The State

(By United Press.) Princeton, Ind., July 6. In the Gibson county courthouse yard yesterday there was a Fourth of July observance that had no counterpart in Indiana or the nation—the celebration of the semi-centennary of the placing of the first monument to a civil war regiment that was erected in the United States. A graceful well preserved 33 foot shaft of marble suitably inscribed, it stands in the southwest corner of the courthouse yard just opposite the recently constructed \$25,000 county SEMI-CENTENARY GAL TWO soldiers monument.

This monument was conceived by the soldiers of the 58th Indiana regiment as a tribute to their dead while they were in camp at Murfreesboro, Tenn. in 1863 just after the Stone river battle in which the regiment lost heavily. The funds were raised entirely by the regiment from contributions of its officers and men and allowances for unused rations. A Princeton committee carried out the plans and on July 4, 1865 the dedication took place with thousands in attendance. The 58th was still under arms at Louisville. Many members obtained furloughs and came home for the exercises, the first great dedication of its kind by any regiment on either side of the great conflict.

Yesterday's ceremonies were marked by the dedication of a widened base and other improvements and the unveiling of it by little Mary Catherine Stormont, aged five years of a bronze tablet descriptive of the shaft's claim to fame. She is the granddaughter of Col Gil R. Stormont 58th veteran and Indiana G. A. R., past departmental commander. All the improvements and the tablet are paid for by members of the regiment and their descendants. Dr. W. W. Blair, aged 86, the oldest member and former regimental and division surgeon will dedicate the tablet today.

### A RUSHVILLE MAN GIVES EVIDENCE His Testimony Will Interest Every Rushville Reader.

The value of local evidence is indisputable. It is the kind of evidence we accept as true because we know we can prove it for ourselves. There has been plenty of such evidence in the Rushville papers lately, and this straightforward testimony has established a confidence in the minds of Rushville people that will not be easily shaken.

M. Conner, 1001 North Harrison street, Rushville, says: "I had backache and pains through my loins and my kidneys were irregular in action. Hearing about Doan's Kidney Pills, I used them. They stopped the pains and regulated the kidney action."

## TWO WEEKS UNTIL ANNUAL CARNIVAL

Preparations Are Being Rushed For Event Men of Catholic Church Always Present.

### WOMEN ALSO HAVE A BIG PART

Just two weeks from tonight when the Odd Fellows band marches up Main street at the head of the crowd and the notes of the merry-go-round call the youngsters from far and near and a myriad of lights illuminate the beautiful St. Mary's park, Rushville will know that the annual carnival of the Catholic church will again be in full swing.

These annual events do not promise any startling novelties, do not attempt to compete with the circus in furnishing amusement, but they have a field all their own in the way of providing a summer evening's entertainment as well as given an opportunity to promote the community spirit.

The carnival is given under the auspices of the men of the congregation, but the women's exchange and fancy booths have become leading features. The young people, too, are busy rehearsing the program to be given each night in the little theater in the park.
